

Annex 4

REGISTRATION COMPOSITION OF MISSION

No later than July 15th

CMMR2023 OC will provide to all participating nations an internet link, personal code and how-to instructions.

The number of players who'll be here in France for the CMMR2023 can't exceed 32 but a **Team list** of 40 players should be registrated on the website in order to substitute injured players during the championship.

This 40 players list will include a sufficient number of players qualified to play only the specific positions of "free head prop", "hooker" and "stuck head prop" in order to respect World Rugby rules 3.5.

Requested information must be entirely provided at the time of registration, otherwise access to the competition should be refused.
